

ACCELERATED CASH MANAGEMENT.

Why choose us?

The Commonwealth Bank's Accelerator Cash Account (ACA) is a highly accessible cash management service developed specifically for investors and Self Managed Super Funds (SMSFs). The ACA allows investors to effectively manage their investment cashflows and take advantage of investment opportunities quickly and simply, as they arise.

Competitive interest rates and no account keeping fees

The Accelerator Cash Account offers a competitive interest rate, with interest calculated daily on your entire balance and paid monthly. There are no account keeping fees either. The result is more cash for you to utilise as you see fit.
